

From the Principal

Mr John Freeman

I hope that the Easter and end-of-term break was a happy, blessed and refreshing time for all and that students have returned to school committed to making the most of the learning and other opportunities available to them this term.

At the start of this term Parent/Teacher/Student interviews were conducted on both campuses. A lot of work and preparation has gone into ensuring that the interviews were effective, not only as a means of communication, but particularly as a means of affirmation and encouragement, where that was appropriate, and of challenge where that was the outcome most desired/ required. Thanks, especially, to the teachers for the effort and energy they put into these interviews in an attempt to ensure they have a positive outcome for all students.

Both our Boys' and Girls' Basketball squads competed in the 27th Marist Basketball Competition at St Joseph's College, Hunters Hill.

Our Boys' Team had early success, but also experienced a few losses and finished sixth overall. Our Girls' Team which is traditionally very strong were missing three of their State Representative players. Regardless, the depth of basketball talent runs deep at Lavalla Catholic College and our girls' team was once again successful in the final with a good win over Marist Regional College, Burnie (Tas) with a 59-47 victory. My thanks for the effort and expertise of Karen Joyce coach of the Girls' Team and their manager Dwayne Tibballs as well as Boys' Team coach Chris Watson (one of our parents) and Ross Sizeland, team manager.

Also on the sporting front great effort by our swimming team at the SSV State Championships. Despite missing some of our team we placed 12th overall in a very large field of over 70 schools.

Congratulations to Emily Beecroft (Yr 10) (right) who was selected to be a member of the 2016 Rio Paralympic Swimming Team after last week's National Championships.

Greta Petesic (2015) (left) was one of seven students from Gippsland awarded the Year 12 Federation University Scholarship of \$2000 which was presented to her at ceremony at Federation University Gippsland Campus on Friday, 15th April.

My thanks also go firstly to all involved in the ANZAC commemorations held on both campuses today. They were both moving and respectful. I also want to extend my appreciations to the staff and students who will be attending many of the ANZAC services to be held on Monday in our communities.

Welcome to Lachlan McDougall who has started this term as a technician in our Trades Skills Centre. Lachlan is a former student.

Whilst it has been a few weeks it would be remiss of me not to acknowledge that during the term break over 130 students participated in one of three Debutante Balls conducted under the auspices of the Lavalla Debutante Ball Committee. The Balls took place on Thursday 31 March, Friday 1 April and Saturday 2 April and I was able to attend each event and was very impressed with way the students presented themselves and it was pleasing to see each young person enjoying the experience. All nights were a great success and took place due to the outstanding hard work put in over many months by the following people:

Carole Ayres, Kassie Both, Anita Both, Joanne Carte, Anne Marie Ernst, Wendy Glasson, Maryann Haesler, Melissa Lowe, Robyn Mihaly, Frances Richmond, Michelle Rosssiter, Jenny Savige, Kylie Tactor; Special thanks to Janine Groves and Joanne Spiteri for their support at the dance training sessions; Helpers: Chloe Haesler, Cassie, Both, Trish Mulqueen, Samantha Rossiter, Sue Shaw, Jo-Anne Spiteri, and Sonia Van der Meulen; Emily Haesler – who compered the debutante

balls; Mrs Anne Wilson –who attends each debutante ball year after year to ensure that any unforeseen rips, marks or detachments are fixed. Anne has been volunteering her time and services for over 23 years; and Rhonda McDonald for teaching the debutantes and partners how to dance.

There were a number of special guests from our community each night who generously gave their time to be part of proceedings, some attending every night. My thanks to the following: Father Harry Dyer, Parish Priest St. Marys Newborough and St. Kieran's Moe (Thursday), Mayor Councillor Michael Rossiter (Thursday, Friday and Saturday), Councillor Sharon Gibson (Thursday, Friday and Saturday), Councillor Dale Harriman (Thursday), Councillor Kellie O'Callaghan (Thursday, Friday and Saturday), Head of Kildare campus Mr Doug Doherty (Thursday) and Member of staff Mr Mark Judd (Friday).

Finally in relation the Debutante Balls you will find a letter of request from the Committee in regard to both registering interest for next year and an a very important request for people to seriously consider joining the committee.

A few more belated thank you notices:

We had a significant number of our students in Years 10 to 12 involved in either leadership roles and/or Remar assist at the St Michael's and St Gabriel's Fete held on the weekend before the end of term 1. Added to that a number of Year 9 students involved in the Atlas 9 program not only creating items to be sold at the fete, but also many attended on the day to sell their products as well as run an Easter Egg hunt activity and an 'obstacle' course. Teachers from the Atlas 9 program attended on the day with particular acknowledgement to Michael McKenna, Candice Ford, Lisa Williams and Georgie Barker. I really appreciate their contributions as do the communities of St Michael's and St Gabriel's Primary Schools.

On Monday March 21, we had six students attend the Gippsland Independent Schoolse 2016 Ecumenical Service. The theme was Servanthood and saw students work in groups to develop appropriate responses to this theme. The purpose of this service was to continue building relationships amongst student school leaders at the schools involved and to dedicate before God, our 2016 school events through worship, scripture and prayer. My thanks to Shane Lebbe for all his work in organising the students and liaising with the GIS. Students involved were: Nick Duncan, Lachlan Spiteri, Grace Ware, Sarah O'Brien, Lorimer Marshall and Mubasshir Murshed

On Wednesday 23 March, our choir was involved in an Ecumenical Prayer service prepared by the Diocesan Ecumenical Commission. This was conducted at St Michael's Church and thanks goes to Shane Reid for his tireless endeavours with the choir and Mike Hansen for leading the service.

On the last day of term 1 we conducted liturgies on both campuses for Holy Thursday. This allowed us to present liturgies that resonated with each age group. Thank you to Lee McKenzie and her team for the liturgy at St Paul's Campus and thank you to Chris Roga and Shane Reid in particular for their work at preparing and celebrating the liturgy on Kildare campus. The Kildare campus liturgy involved a foot washing ritual and the music for the liturgy was led by our choir. They were both very meaningful and prayerful.

Can I please ask that you keep in your prayers the family of Michelle Lappin who passed away on Thursday, 14 April 2016, after a long battle with cancer.. Michelle's family – husband, Gerard, and children Will (Yr 8), Chloe (2007) and Ben (2009) as well as niece, Isabella (Yr 12) and Elijah (Yr 10) are mourning loss of a wife, mother, aunt and the community has lost a good and decent woman before her time.

***Eternal rest grant unto
them, O Lord, and let
perpetual light shine
upon them. May the
souls of the faithful
departed, through the
mercy of God, rest in
peace. Amen.***

Welcome back to all students, parents and staff. After having a well-deserved rest, spending time with my family exploring the amazing state of Victoria and working on my Masters of Educational Policies International; I feel refreshed, invigorated and ready to maintain to lead the Kildare campus to continue to 'raise aspirations and deliver excellence for all.'

SUCCESS IS NO ACCIDENT.
It is hard work, perseverance,
learning, studying, sacrifice
and most of all, **love** of what you are doing.
- Pele

During Easter we celebrated the greatest moment in the history of our world, one that celebrates the promise of new life. Therefore, during term two, we will continue to strive to ensure our students are given every opportunity to achieve success within their pathways to their new lives after Lavalla Catholic College.

Term two is going to be a very busy but productive term. Every student's progress will be tracked in relation to their ability, resulting in a development of specific strategies to ensure success for all students within all lessons. We began the term with Parent/Teacher Interviews on Thursday 14th and Friday 15th April. These consultations ultimately help form the relationships needed between families and College to ensure collaborative success for our community.

This week saw all of Year 10 go on Work Experience. I would like to especially thank Nicole Sizeland, Cheryl Hunter and Pru Scholtes for their work in ensuring the success of this programme. It is no easy task to arrange work experience for over 220 students during one week; again an example of the dedication of our staff. Therefore it is vitally important that students are prepared for this amazing opportunity to experience the pathways of their choice.

Sport will of course be a prominent part of our educational programme, providing many opportunities for our students to achieve success and experience. The opportunities range from Regional Tennis and Touch Football Championships to Netball and Football Competitions.

I would also like to take this opportunity to congratulate the students who successfully competed in the Marist Basketball competition in Sydney last week, with the girls winning the event! Well done to all involved.

The holistic development of our students would not be complete without their spiritual development. This term will consist of a range of events such as the Year 12 retreat, the celebration of the Feast of St. Marcellin Champagnat to the "Give a Damn, Give a Can" appeal.

"Faith and Learning: Mercy" – our motto for this year clearly underpins all we are hoping to achieve.

Some gentle reminders – It is **FULL WINTER UNIFORM** from Tuesday 26th April. Please ensure that all students uphold our high standards when attending College, by wearing the proper uniform and correctly.

I would also ask parents to speak with their children who walk home. Please remind students that it is imperative that we show respect to members of the public by allowing them to make use of footpaths and by being careful when crossing roads for the safety of all.

Our strive for Excellence must be evident within our local community as well as our college community.

A massive congratulations to Emily Beecroft (Year 10) in making the swim team heading to the Paralympics in Rio!

To form a family is to be part of God's dream, to join him in building a world where no one will feel alone. (Pope Francis @Pontifex, 20 April, 2016.)

We dream of utopia. Can the population of the earth someday achieve this? Interestingly this dream lies at the heart of humanity. Martin Luther King Jr. expressed it in his "I have a dream speech". Nelson Mandela expressed this dream in his description of South Africa as a 'Rainbow nation'.

As part of God's dream, Christ died and rose from the dead, to forge all people into God's family. Today, God works through us. We can, in our small corner of the planet, in our own ways, welcome differences and build god's family, rejoicing in 'rainbow' nature of this family.

Holy Week Liturgies: St Paul's and Kildare Campuses

The Kildare and St Paul's Campuses held Holy Week liturgies on Thursday, 24th March.

At St Paul's Campus the students and staff shared in a moving celebration of the last day in Jesus' life. Through music, media, storytelling, prayers, they entered into the story of Jesus death and resurrection, and what it meant for each of us today.

At Kildare, the students and staff role played the Washing of the Feet as a metaphor of service that underpins Jesus life and death. Through action, story and reflection, they engaged in the importance of serving the community, god's family.

On Saturday the 12th of March our Blue Remar Caravel made up of nine year 11 students embarked on their Solidarity Camp to Santa Teresa NT. Santa Teresa, also known as Ltyentye Apurte is a Catholic Aboriginal Community that is situated about 85 kilometres south-east of Alice Springs. This immersion experience offered our students the opportunity to: explore and experience issues relating to social justice within the community; actively take part in practical projects for the benefit of the community; and build upon their understanding of humility, loyalty and solidarity as they lived out these Gospel Values through their work and experiences.

Natalie Justin says:

Going to Santa Teresa (Lytente Apurta) for the Remar Solidarity Camp is an experience I will never forget. It was a week full of emotional and spiritual moments. We had the opportunity to work in the Community Centre where local women committed their time to making and delivering food to the elderly members of the community. In the Spirituality Centre we helped varnish some of the incredible traditional artwork that is handmade by the local women of the community. The School Canteen was loads of fun as we got to see what school was like in these communities and got to play with the kids. It was a jam packed week full of activities but everything was 100% worth it.

I am very lucky to have received this life changing opportunity and without Remar I would never have been able to have this experience.

Callim Janda explains:

Having the chance to work in the Men's Shed for two days was a great experience. We got to work closely with members of the local community to help build furniture that was then donated to areas of need within the community or sold to help support the Shed. It was really rewarding to get to know some of the workers at the Shed and hear some of their background stories while being immersed in a work environment where the main language spoken was Arrernte – the native language of the local people.

Eily Dalton said:

It was such a privileged and humbling opportunity for our group to be allowed to participate in a traditional Smoking Ceremony. The purpose of the ceremony was to cleanse and heal and it was a spiritual experience for each of us. Following this Sr Liz spoke with us at great length about the history and culture of the Arrernte people, deepening our understanding, appreciation and respect for these people and the land.

Olive Fitzpatrick reminisced:

On Wednesday afternoon we all piled into a troopie and, accompanied by Br Paul, headed out for dinner in the 'outback'. Our first job when we arrived at the site was to collect enough firewood to last us into the evening. After the fire was lit and Bonnie had declared herself the 'Fire Master', our pre-prepared spaghetti bolognese and baked potatoes were heating up and we were making our way up the nearby hill to watch the sun set. The landscape was spectacular as the sun set on the horizon and the sky was amazing to see on such a clear night. I am so glad that we got to share this experience as a group.

Samantha Hegarty recounts:

It was so much fun going to the local swimming pool to help the younger students from the school with their swimming lessons. The students were really well behaved and were eager to let us help them. It was really interesting to see the respect the students and teachers had for one another and the way they learnt from each other. The afternoon ended with some free time in the pool where the students could show off their diving to us and enjoyed having our full attention.

It was with a heavy heart and great reluctance that the group departed Santa Teresa on Friday the 18th of March on their journey home. We would like to congratulate Olive Fitzpatrick, Abiar Maluk, Bonnie-Leigh Sartori, Zella Dalton, Callim Janda, Eily Dalton, Kyra Smith-Stevens, Samantha Hegarty and Natalie Justin for representing our College in such an upstanding fashion and actively living out our College's motto as they continue to demonstrate their strong minds and compassionate hearts.

*Celebrating 60 Years of Marist Education in
partnership with Brigidine & Presentation Sisters*

“A career is all of the paid and unpaid work, learning and life roles you do throughout your life. It encompasses jobs and training, life roles, education, hobbies, sport, cultural activities, volunteering, clubs and community”

The start of term 2 has been very busy with Careers related activities for Kildare students. Year 11's have had the opportunity to participate in faculty based activities at Federation University, with 3 more Thursdays trips to Federation University still to go out.

On the 29th of April Year 12's will attend their Tertiary Information Session to be held at Federation University. Year 11's will have an opportunity to attend the VCE and Careers Expo at Caulfield Racecourse on May 6th and/or attend a trip to explore 3 universities in Melbourne on June 14th.

190 of our Year 10 students are currently out in the community completing work experience. Teachers have been visiting these students and have reported a high level of engagement and interest in the work they are doing. Work experience is a unique experience. It is designed to help students learn about how expectations in the work force differ from the school environment as well as identify their own strengths and weaknesses. It is also an opportunity for students to gain some insight into the occupation and industry that they are placed in.

Lavalla parents were lucky to have the opportunity to participate in a workshop, presented by the CEO of Careers Education Association of Victoria, Bernadette Gigliotti, on Friday 15th of April.

We were the only Catholic school in Victoria able to secure this workshop which was funded by the State government. We also had the highest participation rate of any of the workshops held to date.

Parents were able to work through topics such as how to identify where their child is, on their career journey, given strategies to support their children at each stage as well as made more aware of what resources are out there to assist them and their children in the choices they will make in the future.

A key understanding delivered during the workshop was that planning for the future is not as simple or clear cut as it was when we were in high school. The world is changing at a much faster rate, the concept of one job or one career area 'for life' is not sustainable as jobs disappear and new jobs are 'invented' in very short spaces of time.

Think how fast the world of 'Apps' has come about. In the space of 5 years they have been invented and many millionaires have emerged from their work in the field. There certainly wasn't a university course being offered 5 years ago on how to build an 'app' or make a career out of it. This is likely to be our students experience – we are trying to prepare them for jobs that have not yet been invented yet but may be by the time their finish a three year post school course or they are undertaking studies in areas that are just not going to grow in employment opportunities in the future.

Some key messages from the work shop:

- Don't focus on one destination only
- Know what you want, but don't be too sure
- Be open to changing your mind
- Recognise that your career journey will be throughout your lifetime
- Appreciate and value each experience along the way
- Career development is a lifelong journey (not just about what will I once leaving school)
- Be flexible
- Change is constant
- Be aware of the digital and people resources that can help guide you along your journey.

Legal Studies

Towards the end of last term the Unit 3 Legal Studies class took a trip to Melbourne to see how the Victorian Civil and Administrative Tribunal (VCAT) works and also to observe the County Court processes. We were accompanied by Mrs. Karen Mc. Kay. We left at 7.15 from Kildare and arrived at the VCAT building by 9.40.

The students were given an explanation of how VCAT works and a demonstration with a mock case with the students taking active roles. After that we were split into two groups and went in to observe some cases. The interesting point about VCAT is that the cases are often less than an hour long, so we saw the results of some of the cases observed. After a well deserved lunch break, we proceeded to the civil court where the procedures are far more formal.

After an excellent explanation by a judge, we were allowed to observe a case for about an hour. County court cases are much longer than VCAT cases so we did not find the result of the assault charge. However, the students did get an interesting insight into some of the reactions of the jury. We had a pleasant ride back and returned to Kildare Campus late in the afternoon.

Parliament Alive

This week the Yr 11 Legal Studies class travelled to Inverloch to participate in the Regional Parliament Alive Program.

Our students learned about the history of our State Parliament, its formalities and traditions and the Law making process. Students were involved in a Mock Parliamentary reading of a proposed law.

The topic was the Sexting Bill. The bill's purpose is to regulate sexting and provide protection to both children and adults from exploitative sharing of intimate images, while ensuring that teenagers do not face unwarranted prosecution for child pornography offences.

It was a great opportunity to see how the Law making process works and the high level of debate that our Politicians are involved in when making amendments to our laws.

Students had scripted roles. It was a very interactive way of learning about how Parliament works and it really brought their textbooks to life.

Paralympian in our Midst!!

Lavalla Catholic College student Emily Beecroft is off to Rio after being selected to represent Australia with the Aussie Dolphins swim team to compete at the Paralympics in September.

Emily is ranked in the Top 5 in the world for 50 metre butterfly, 50 metre freestyle and 100 metre freestyle and is in the top 15 in all her other events.

She made her international debut at the US Para Championships in Bismarck, North Dakota in December last year where she was officially classified S9, and swam second in the 50 metre butterfly, 50 metre and 100 metre freestyle events.

At the Australian Swimming Championships in Adelaide earlier this month, coached by Dean Cooch, Emily won gold in the 50 metre and 100 metre freestyle and 50 metre butterfly events. All three swims were personal bests, but the 31.93 second 50 metre butterfly swim also broke the national record set by Madeleine Scott back in 2009.

On April 14th, she was named part of the Australian swim team for the 2016 Summer Paralympics in Rio.

It has been a long road to where she has got to, and on behalf of the Lavalla Catholic College community, we wish Emily all the very best in her endeavours to do well and we will be supporting you with greater interest from September 7th- 16th.

**CONGRATULATIONS & GOOD LUCK
EMILY!!!**

Lavalla Girls Claim 12th Marist Title

Lavalla Catholic College enjoyed great success at the 2016 Marist Basketball Carnival hosted by St. Joseph's College, Hunter's Hill in Sydney, New South Wales.

With over 21 Marist schools from across Australia attending the carnival and verging on the Bankstown basketball stadium for four days of competition, Lavalla Catholic College's boys and girls teams played a significant part throughout the event.

Both teams contained very inexperienced line-ups with five rookies included in each team but the depth of basketball talent within the Lavalla community was evident with the boys finishing 6th place overall out of 23 boys teams.

For the 12th time in 18 years, the girls were able to overcome some extreme hurdles and outlast nine opposing teams to climb to the summit of the girls division to reclaim the shield.

It takes a special group of athletes to be able to achieve such success and this outfit played great team basketball to claim the ultimate reward. Casey Sherriff was awarded MVP of the Carnival and both Casey (player) and Karen Joyce (coach) were selected to the All Star team for the carnival.

The boys also managed to play and compete at a high level of basketball throughout the carnival and managed to remain undefeated through the first two days of competition with good wins against Marist College, Randwick and St. Gregory's College, Campbelltown.

The boys lost their first game of the carnival to Newman College, Perth 35-42 on the Thursday when games resumed after a day break. However, the boys sought redemption against Newman College when they produced a

13-point turnaround to capture a 48-42 triumph when they met later that day.

The Lavalla boys would playoff against St. Joseph's College, Hunter's Hill on the final day for 5th/6th placing and after a sound first half, the boys eventually succumbed to a 41-47 defeat. It was still an outstanding achievement to again push into the top bracket of competing teams and an effort the boys should be very proud of.

On behalf of the Lavalla Catholic College community, I would like to acknowledge the personal time and dedication both Karen Joyce and Chris Watson have given away from their family time in preparing the teams for the carnival, which started in July last year.

Lavalla Boys are Touch Football State Champs

Lavalla Catholic College produced its first State Champions team in the final week of term one when three U15 Touch Football teams travelled to Mentone to compete in the 2016 State Championships.

Lavalla had two U15 boys' teams compete with one each in the Championship Division and Plate Division while the girls' team competed in the Plate Division.

The Lavalla girls captured a pair of wins first up against Luther College, Croydon Red and Our Lady of Sion College, Box Hill 2. However, the

girls finished with a loss to Luther College, Croydon Blue and a draw against Our Lady of Sion, Box Hill 1 which left them short of qualifying for the final.

The Lavalla boys 'Plate' team secured a strong 6-0 win in the first up match but eventually they would record an identical record as the girls with 2 wins, 1 loss and 1 draw effectively positioning them just short of qualifying for finals.

However, the U15 boys Championship team played a sound style of game and team exceptionally well to walk away from the Championships without a loss. The boys overcome Brighton Grammar School, Luther College Box Hill, Chaffey Secondary College Mildura and McKinnon Secondary College to sweep all opposition away with a strong performance on the field.

The boys had to be at their best on two occasions against the strong Chaffey team and they certainly came to play by producing a 4-2 win in the preliminary games and re-producing that effort in the final with a 5-2 victory to secure the U15 State Championship title.

Debutante Ball 2017

Email address: lavalladebball@gmail.com

Ball dates for 2017 are:

Wednesday April 5th
Thursday April 6th
Friday April 7th

The above balls will be dependant on the number of couples that we register.

Please note that there needs a minimum of 15 couples for a ball to be able to be offered.

We are in need of new parents willing to join the executive committee for the next 3 years if you would like to know more please email the above email address, by May 16th . Currently we have 2 members.

Any year level can join the committee.

Year 10 Student Administration Program

Every year 10 student participates in the Student Administration Program.

Employers have identified the following skills that they look for in a prospective employer

- Communication
- Teamwork
- Problem Solving
- Initiative and Enterprise
- Planning and Organisation
- Self Management
- Learning
- Technology

Each day the students who are performing the role of Administration Assistant will complete tasks that fall into a number of these categories. Some of the tasks will include filling the photocopiers with paper each morning and as required throughout the day, sorting and delivering mail, assisting student administration services and Campus Leadership as required.

These tasks are all to help prepare your child for the workplace and can be used on their Curriculum Vitae.

Your child will be withdrawn from class for the day (this does not affect their attendance), they will have a designated space for them to work from. If involved in a Unit 1/2 class they are free to attend that lesson, along with negotiated lessons as needed.

Staff will provide students with work that would otherwise have been completed during their lessons.

Should your child's set day need to be adjusted, please ask them to speak to Ms Lawler at student reception to organise a more suitable day.

60th Anniversary Music Concert

All of those involved with schools tend to fix their collective gaze upon future horizons both near and far. The opportunity to pause, reflect and look back has been proven to be a really invigorating one for all of us who have been involved in music at Lavalla as we prepare for the 60th anniversary reunion concert which will be held on Thursday the 5th of May.

The centrepiece of this celebratory night will be a special alumni jazz ensemble which has been formed just for this occasion. Those involved date from the very first days of instrumental music at our college in the early 1980s right through to a small number of current students who are filling out a couple of sections on a needs basis.

I wanted to take the opportunity to thank the alumni who are pictured below, we have had two Sunday afternoon rehearsals; most of those pictured have travelled quite some distance to make these rehearsals and will do so again for the concert. We will also have some other former students performing solos on the night.

It promises to be a wonderful celebration of the role that music has played in our College's history.

60th Anniversary Concert

Thursday 5th May 2016

Celebrating 60 Years of Marist Education in partnership with Brigidine Sisters and Presentation Sisters.

ALL WELCOME TO ATTEND

Kildare Campus Kosciusko Street, Traralgon

Commencing at 7.00pm in the Hall
