

With Mary, go in haste to a new land.  
(Lk 1: 39)

"Mary teaches us to say YES to God with generosity; to be pilgrims of faith and disciples of Jesus; to develop a listening attitude; to discern God's call by reflecting on events and keeping them in our hearts; and to rejoice at and give thanks for the marvels God works in us."

### ***Dear Parents, students and staff***

There is much to celebrate in the month of May. As many of you know May is the month of Mary and Mary is a very important person not only in the Catholic Church but also for all who belong to the Marist charism. As Jesus' mother she represents the gentleness of motherhood, courage, sacrifice and love. May, calls to mind our own mothers, as well as the joy of celebration that surrounds Catholic Education Week.

As you might remember last year I attended the Marist XX1 General Chapter to help discern, amongst other things, the future direction of Marist Education. The theme for the conference was, With Mary, go in haste to a new land. (Lk 1: 39). Together we dreamt a future that:

**"... presumes a willingness to move on, to let go of the familiar, to embark on a journey of both institutional and personal transformation. As Marist, we travel this road with Mary, our guide and companion. Her faith and openness to God's will inspire us to undertake new challenges.**

**This "new land" is our authentic renewal; it asks of us a genuine change of heart".**

The message of the Chapter, so eloquently captured by the then newly elected Superior General, Br Emili Turu, is especially relevant for us as teachers and most appropriate as we celebrate Catholic Education Week. I came home quite energized by the following Call:

**To you who are working in our educational and social works, we invite you to encourage your students to transform their hearts, their lives and actions, so that they grow to be persons with respect for life, committed to the building of a just and solidarity-oriented society.**

**Teach the students the importance of ecology, and encourage them to be willing to work towards a better and sustainable world. Realize that the idea of going out to a new land carries some implications: sharing the responsibility for mission, giving priority to evangelization, giving preference to the poor and least favoured, and transmitting the Marist charism to a new generation of educators. (Br Emili Turu: Final Document from XX1Chapter)**

In the next few days you will receive in the mail our Strategic Plan for 2010 and should find traces of this Call in our planning. You will notice our increased focus on Solidarity projects as well as an exploration of new ways of doing. It is in this context that we have decided to review our Year 8 camp experience to include a unique solidarity experience. In addition, our senior students have been challenged to work toward an immersion experience before the end of the year. Students will be challenged to **share the responsibility**, as much as they are able, working with the marginalised in our community.

*(Continued back page)*

## **VCAL**

### **Skills Acquisition Program**

The VCAL students and staff have been involved in the Skills Acquisition Program that has run throughout term one. The program is geared towards getting students "work ready" through focusing upon the key employability skills of Communication, Team Work, Problem Solving, Technology, Initiative and Enterprise, Planning and Organisation, Self Management and Learning.

This is achieved by students undertaking two week blocks of specific skills and classes aimed at enhancing their employability skills.

The classes undertaken were Group Development and Leadership conducted by **Mr Todd Proud**. This focused upon the skills needed to become an effective team member and leader within a workplace environment. Occupational Health and Safety conducted by **Mr Peter Flahavin** concentrated upon safety, specific to youth in the workplace and completion of 'work safe' certificates. Tool Safety with **Mr Jason Szkwarek** looked at correct use of basic hand tools in the workplace and creation of a free standing wine rack. Manual Handling conducted by **Mr Mark Warnock** focused upon injury prevention and correct lifting techniques with visits to industry locations to see firsthand types of procedures/ equipment in place. Workplace First Aid conducted by **Mr Brett Van Berkel** looked at skills such as CPR, Bleeding Control, Fractures and Poisons. Essential skills for work and life, Career Planning, Organisation, and Cold Calling were conducted by **Ms Cheryl Hunter**. Students have organised their work placement for May, updated resumes, application letters, practised cold calling for jobs, visited workplaces and have undertaken mock interviews.

All the VCAL students (Yr 11 & 12) were divided into five groups with a combination of year 10 (VALU). The VALU students have also been working hard to complete all the outcomes together with the VCAL students and this is pleasing to see. The groups have worked well in their teams to complete the activities that were rotated on a fortnightly basis. This teamwork was enhanced by the day at Coonawarra Adventure Park where all students completed a number of challenging activities with the focus upon group development.

The completion of the Skills Acquisition Program leads us into the Career Enterprise and Opportunity Program (CEO) that will take place for the rest of the year. Students have created micro business in which there are managers (Yr 12 students and some Yr 11) tradesmen/women (Yr 11) and apprentices (Yr 10 VALU). This is an exciting time as students are completing the planning and the 'action' phase will begin soon. Some examples of the business are "Stylish Hair and Beauty", "Right Wire" Electrical and S & S Engineering just to name a few. Watch this space for the developments in the CEO program for 2010.

## Careers

Term 2 is a key time of the year for students in year 12. It is a time when they need to review their progress so far and make some decisions about what they might do next year. What plans do they need to have in place for next February when, for the first time in their memory, they will not be bundled off to school? They are starting to think seriously about their pathways from school to further education and training or employment. A number of the students attended the Age Careers Expo at the Caulfield racecourse. They now have more questions than answers and are being challenged to explore their options. There are a lot of materials coming from the Universities, TAFEs and other organisations to help with their research. These materials can be accessed in the Careers office at Kildare. All year 12 students who will be applying for an ATAR\*, (formerly known as ENTER) will be attending a Tertiary Information Service session at Monash Gippsland on the 13th May. This session will help with their research.

### **\*ATAR - Australian Tertiary Admissions Rank**

This is the way Universities rank the students who have applied for their various courses. An ATAR above 80 means that the student's performance has been ranked in the top 20% of all students doing VCE this year, above 60 puts them in the top 40% etc. The greater the competition for places in a course, the higher the ATAR required. It is important to remember that the ATAR is not a measure of the student's life so far. The highest ATARs are achieved by the hardest workers. These are often the students who do not have the greatest natural talent for academic work.

### **YEAR 9 FOOD TECHNOLOGY** **LET'S CELEBRATE! – 9.01 & 9.02 with Mrs Sim**

Our first term of work has almost been completed in our new Year 9 Food units. Students have been hard at work during the term completing the design process of Investigating, Designing, Producing and Evaluating. Our topic for the design brief in "Let's Celebrate!" was "Cupcakes". Students created their own design brief topic and then completed all phases of the technology process to produce their final product. Many lessons were spent researching and developing decoration skills and then finally the cupcakes were made and decorated. The results were amazing to say the least. The photos show you the many talents of our year 9 students.

## Sports Update

In 2010 so far Lavalla Catholic College has shown amazing results within the sports that we have represented. Our College has many elite athletes in a wide range of sports who have shown that they can achieve great results. Congratulations to **Georgia Tsebelis** who has excelled at a top level and in the Catholic All Schools Swimming breaking three records. Congratulations to **Tayler Brouns** who was selected for the All Australian Marist basketball team and also **Katelyn Somerville**, **Tayler Brouns** and **Chris Sutton** for being selected MVP for our three Lavalla teams.

### CAS BASKETBALL

On April 30th Lavalla Catholic College entered six teams into the Catholic All Schools Basketball. Our Senior and Intermediate teams consisted of our most elite players in the competition from the Marist basketball teams and state level players. Out of the six teams that we entered four made it through to the State Championships for Catholic All Schools held at the Melbourne Sports & Aquatic Centre on Thursday 6th May.

Our Senior Girls & Boys, Intermediate Girls and Junior Girls made it through to the Championships. The Junior Girls made it to the grand final but lost by 4 points. The Intermediate Girls also played in the grand final and lost by 6 points. **The Senior girls** (pictured above with coach Mrs Karen Joyce) **won their grand final by 18 points!** While the boys tried hard in all their games.

**Congratulations to all of our teams!**

**Mrs Nikki Schroeter - Sports Coordinator**

### UPCOMING SPORTS EVENTS

20 <sup>th</sup> May	CAS Football Boys
25 <sup>th</sup> May	CAS Futsal (JNR Boys, INTERMEDIATE Boys)
1 <sup>st</sup> June	CAS Football Championships (INTERMEDIATE Boys)
8 <sup>th</sup> June	CAS Football Championships (JUNIOR Boys)
22 <sup>nd</sup> June	CAS Football Girls
27 <sup>th</sup> -30 <sup>th</sup> Jun	Marist Netball Carnival Lismore
15 <sup>th</sup> July	CAS Football Girls Championships (SENIOR Girls)
19 <sup>th</sup> July	CAS Football Girls Championships (INTERMEDIATE Girls)
19 <sup>th</sup> July	Clay Shooting- Longford
21 <sup>st</sup> July	CAS Football Girls Championships (JUNIOR Girls)
28 <sup>th</sup> July	CAS Netball

## Presentation Campus

Our Campus observance of **ANZAC day** was held with great respect on Friday 23rd. The incredible sacrifice paid by so many was remembered in story, prayer, music and silence. Anzac biscuits, a pie and a lamington lunch also enabled us to raise money to contribute to the RSL Legacy appeal. Sincere thanks to **Miss Bianconi** and the many families who attended services on our behalf on the 25th.

Our Campus Open Day allowed many families to appreciate our setting, the facilities and the work done by so many of our students. Ms Pegorer addressed those gathered about our history, the Marist tradition and the learning pathways available to our students.

**Frida Drysdale** (Yr7) and **Ben Noy** (Yr 8) spoke of the transition into Yr 7 and of the sporting opportunities and special programs as well as the Learner Advisor initiative first trialled with Year 10 at Kildare last year and now introduced for Year 8. **Darcy Zwagerman** from our year 9 group had been one of 13 students across the region to participate in the Coastal Ambassadors and she spoke of her experience in that program as part of the Gifted and Talented program.

Newly introduced electives Photography/Scrapbooking, Media Studies and Master Chef were all well received last term. New for this term "Are Leaders born or made", Dance and Drama and Star Portraits have many students eager to engage in learning new skills.

Our second group of the Master Survivor program have arrived on Campus & are settling well into their integrated program. **Ms Kimberley Stewart** & the **MSP team** are working very hard to ensure there are many exciting learning experiences in their program. The initial topic is "The Bush" with "The City" unit to follow. Last Friday they spent the day at the Summit on a

program titled "Best Day Thinking" and from all accounts it was once again a resounding success.

Our **Parents and Friends** group has held their Annual General Meeting and congratulations and thanks go to President **Irene Bramstedt**, Joint secretaries **Carole Wilson** and **Wendy Gibson** and Treasurer **Mira Renninson**. It was wonderful to see some new parents attend the meeting and join this group who work so enthusiastically to improve the Campus and its environment.

Our athletics sports and field events were held last Wednesday at Joe Carmody track. Congratulations to the **House Captains** and **Mr Daniel Scholes** on a busy but effective competition. While all those who attended, supported their house or helped to make the day a success were winners, the house results were **Nagle, Delany, McKillop and Champagnat**.

It was wonderful to have St Mary's Gr 3,4&5 join us in the afternoon for some ball games, a multi aged relay and novelty races. The links between our Campus and Primary schools through this and previously held PAL leadership sessions, tabloid sports and a disco and combined staff gatherings and in-services is an important part of the educational network in Moe/Newborough.

**Leanne Mills**  
**Campus Director**

## St Paul's Campus

### Twilight Open Campus

For the past week 'Twilight' has been the magic word at the campus. Staff and students threw themselves into preparing for it. And the 'Twilight Open Campus' on 5th May from 4.30 – 7.30 pm was a roaring success.

Over 130 families and groups registered and more than 220 people visited the campus. Parents and prospective students saw the campus at work; staff and students engaged in activities, and often parents and their children were sucked into the interactive parts. 500 muffins were made (and consumed), in the Food Tech rooms; sheep's eyes were dissected and flame tests conducted in the Science Labs; Spicks and Specks played at Religious Education; names were written in Egyptian hieroglyphics in the Humanities rooms; language games played for English; computers were used interactively for Math; a range of activities took place in the Italian room.; the gifted and Talented group spoke with many parents as did the Study Support group; screen printing in Art; clay pots made in Ceramics; Volleyball, Badminton, Footy for Sport. The Senior Band played for the crowd. And the static displays showed the children's work. The information session attracted a large crowd. A number of people paid a visit to the chapel and many people met with the campus psychologist to view programmes that run at the campus.

The feedback received was very positive, highlighting the teacher-student interaction. Truly the campus was abuzz with positive energy.

### Stopmatian

Nick Oldis, a member of the Gifted and Talented group in Year 7, has made a short Lego Animation of Star Wars as part of his project. Nick displayed this work in progress at 'Twilight'. A visiting principal from a primary school asked for Nick's animation to be shown to his staff to demonstrate what students could do with animation. Nick's film, when finished, will run for about 10 minutes. The others in the group continue to work on their projects.

**Chris Roga**  
Campus Director

## St Paul's Twilight Open Campus

## Kildare Campus

### **PROBUS Club Presentations**

On Monday 3rd March, Georgie Van Der Staay & Logan Edwards went to the Traralgon Ladies Probus Club to speak about their Spirit of ANZAC tour experiences. The ladies appreciated the visit and presentation from our students. Logan spoke about the selection process for the Spirit of ANZAC prize and selection process. He then went on to talk about his experiences in Greece and Singapore. Georgie spoke about her trip to Turkey and South Korea. Both students enjoyed the opportunity to speak to women of the Probus club. Well done Georgie and Logan.

### **Catholic Education Week**

Bishop Christopher presided at the inaugural mass to celebrate Catholic Education Week. Our campus leaders represented the college as did student leaders from the majority of the diocesan schools. The Lavalla choir had been invited by the diocese to support the mass. There was a resonance in the cathedral vaults that gave full effect to the four part harmony of the choir. Mr Peter Ryan, Director of the Catholic Education Office addressed the congregation at the end of mass and

spoke of the choir and held them up as an example of what can be done if we all do our best. Bishop Christopher spoke about the atmosphere and prayerfulness of the Mass, saying that in 30 years of priesthood, it was the most prayerful children's mass he had presided at. Congratulations to our choir members on a job well done.

### **Campus DISPLAN**

On Monday the Campus activated its DISPLAN. We were

very pleased with our level of preparation for such an event should it ever arise. It is an important procedure and we will practise this again next semester.

### **Uniform**

Thank you to our parents for their support of our Winter Uniform. There were a few students who needed reminding about ties, but overall it has been a smooth transition. Please remind your children that shirt top buttons need to be done up so that ties can sit properly. We have a system at the campus where students are given three separate warnings over three separate days before receiving a Community Service Detention. I would like to see these Detentions diminish.

### **Student Achievements**

I recently congratulated **Lisa Phillips** on winning the Victorian under 18 Singles Championships in Lawn Bowls. Lisa took out the title with 25-11. **Andrew Ware** was recently recognised for his outstanding work with our local media, winning the Basketball Victoria Regional Media Coverage Award.

**Marco Di Cesare**  
Campus Director

## Music Department

Our **Senior Choir** is currently the toast of the Diocese of Sale after singing as part of the inaugural Catholic Education Week Mass at St. Mary's Cathedral in Sale last Friday. This magnificent group of students drew particular praise from the Director of Catholic Education, **Mr. Peter Ryan** amongst many staff and leaders in our diocese, claiming them as perhaps the finest school choir in the country. Sincere congratulations to all students involved.

We warmly invite all within the college community to **join us on Thursday 20th May** for a performance evening featuring our Senior Choir, Senior Wind Ensemble and Senior Jazz Ensemble. These ensembles will perform to support our **V.C.E. musicians** who will be assessed as a part of their performance outcomes. The evening begins at 7.30pm in the Kildare Hall. Admission is free for what promises to be a great night of entertainment.

It is not too late for any year seven students wishing to **join our Training Band or Junior Choir**. Our Junior Choir rehearses each Tuesday morning in the St. Paul's Lecture Theatre at 7.40am. It is simply a matter of turning up! Any students wishing to take up an instrument should talk to any of the music teachers. Alternatively, parents can contact our Instrumental Music Co-ordinator, Mrs. Maria Testa on 5174 8111 or [testmar1@lavalla.vic.edu.au](mailto:testmar1@lavalla.vic.edu.au)

**Mr Shane Reid - Music Director**

## Digital Revolution Update

### Wireless on the College Campuses

Our cabling contractors have now completed all the infrastructure works to enable wireless delivery. We now have wireless coverage on all three campuses for laptop use. The cost of this was met with the funding from the Federal government to meet such costs as part of the Digital Revolution initiative.

### Higher speed Internet

The College is part of Catholic Network Australia which has provided the College with a higher speed link to the Intranet. In addition to this the College is contributing towards the costs for a higher speed link between Newborough and Traralgon increasing the speed of Internet delivery for students based at the Presentation Campus. Communication and the transfer of files and data between the campuses is now much faster.

### New Laptops

We have just taken delivery of 450 laptops funded by the Federal government to add to our current stock to provide enough computers for every Year 9, 10, 11 and 12 student. These laptops are being currently prepared with the

appropriate software and security by our hard working IT staff and will be rolled out shortly.

### Professional Learning Clusters

As part of the computer roll-out all teachers in Professional Learning Clusters are training to equip themselves with computers skills. We have groups of staff who are training to

- use blogs to deliver curriculum resources and interact with students,
- create on-line course material for students to access from home,
- use digital story telling
- improve their skills with Word, Excel, Powerpoint, and other non-Microsoft software
- find good resources for classroom use

**Mr Ben Verghese - Director of Educational Resources**

**Reminder:** If you have recently moved, changed email address or phone numbers, don't forget to update your details with the College. Contact Jean Jennings email: [jennjea1@lavalla.vic.edu.au](mailto:jennjea1@lavalla.vic.edu.au)

## Curriculum Update

### **Coastal Ambassadors Camp** **Phillip Island Nature Parks** **18th ~ 23rd April 2010**

Congratulations to **Mubtasim Murshed**, **Darcy Zwagerman** and **Mitchell McDonald** (pictured L-R below) who have recently participated in the Coastal Ambassadors Camp at Phillip Island.

Imagine spending a week immersing yourself in all that our incredible southern coastline has to offer! Our lucky Year 9 students from the Gifted Program have had the opportunity to work with scientists and other experts to see all that our intriguing environment holds! They were able to examine the pressures that our coasts are facing, while also finding time for surfing and kayaking. At the end of their week away,

students were able to take things into their own hands by formulating and presenting their own action plan for their school and community.

Coastal Ambassadors involves attending a six day camp at Phillip Island Nature Park exploring the complexity of our coastline, oceanography, marine biology, environmental management, habitat conservation, animal behaviour, impacts of pollution and interacting with scientists, rangers and other people working to protect and sustain our coasts. Fun and personally challenging activities like snorkelling, sea kayaking and surfing are included so students can appreciate the joys of a healthy marine environment.

**Ms Gloria Zahra – Gifted Education Coordinator**

"It was a really great experience for me. I enjoyed learning about the coast and wildlife around the area of Phillip Island."

**Mubtasim Murshed**

"I enjoyed this camp immensely and have got a great deal of knowledge out of it. I believe it has helped me personally to gain interest in this line of employment."

**Mitchell McDonald**

"Well it was the most enjoyable camp I have ever been on, I learnt so much about the islands' inhabitants. It has given me more opportunities to consider in my career later in life."

**Darcy Zwagerman**

## **Marist Focus**

### **DARE THE DREAM ..... What is your dream for your life?**

Marcellin Champagnat, when he founded the Marist Brothers, had a number of dreams for life. One was to “make Jesus Christ known and loved”; another was to educate young people to be “good citizens and good Christians”. These dreams grew out of his own experience – he had 1 day of formal schooling by age 14, a bad moment with a cruel teacher. Not long after ordination he attended a dying 16-year-old-boy who knew nothing about God. This moment had a profound impact on Champagnat and he resolved to begin an Order of Teaching Brothers. His first two recruits were almost illiterate too.

So, imagine the risk, the audacity, the faith needed to make the venture work. Bringing dreams to reality requires such audacity and huge determination and sacrifice. Michelle Timms, captain of the Australian Women’s basketball team that won silver at the Sydney Olympics, spoke at the recent AMSA Basketball Dinner of the huge sacrifices she had to make, especially to her social life, to achieve her dream. Such determination and sacrifice has set her up for life now.

Marcellin’s dream, lived mostly in rural France after the French Revolution, within a 50-mile radius of where he grew up has blossomed into a large venture in 77 countries around the world. Another of his dreams was to have “the whole world Marist”. He had to face down plenty of opposition from fellow-Priests and government inaction. For him, trust in God and Mary enabled him to remain hope-filled.

Now – what about your dreams for your life? For living your passion? What will you do for that? Be bold and audacious, a risk-taker.

**Br. Mark Needham**

### *Year 9 Students from the Gifted Program - Coastal Ambassadors Camp*

## **A Note from Our Students**

---

It has been a busy start to the year with the opening of the newly built Student Services Centre at the Kildare Campus and also the various events that have occurred since the start of the year. As College Captains it is our mission to make this school the best place that it can be. This year each College Captain is taking control of a specific area to ensure that the appropriate measures are taken to keep our school vibrant and energetic. The four areas are:

**Andrew Ware - House Activities.**

**Joey Black - Mission Leader.**

**Kosta Psinas - School Events & Promotion.**

**Brooke Ward - Mentor Leader.**

### **House Activities**

This area focuses on the various activities that occur during lunchtimes and any other form of extra-curricular activities that happen during the course of the year. This area is supported by our House Captains who assist in various activities to ensure they are run smoothly. The House Captains are:

**MacKillop-** Sam Price and Alex Molinari.

**Champagnat-** Chris Calabrese and Laura Jackson.

**Delany-** Matt Pattle and Eliza Hartley.

**Nagle-** Lachlan Wooton and Kiah Hillier.

All of the house captains have done a fantastic job in assisting with the new Participation for Points program (P4P) and will also continue to be leaders amongst our school community.

### **Mission**

This area covers school fundraising, social justice, mission and liturgy. Those involved in this area of our SLC assist in school liturgies, such as our whole Campus Easter Liturgy, and our whole school masses, such as our Commissioning Mass. Our Social Justice team is headed by teachers and students and this year is focusing mainly on Marist projects in poverty-stricken areas of the Philippines. We are eager to start fundraising for this specific cause also, with most fundraising

efforts this year going towards the Philippines. We also have our popular "A Cause Worth.." week fundraiser coming up, with all funds from each day going towards the Gippsland Cancer Care Unit.

### **School Events and Promotion**

The events and promotion group have the responsibility of organising social and enjoyable events for the students of the Kildare campus. The group aims to create activities that: promote student involvement which encourages teamwork, school pride and student initiative.

The promotion side of the group gives students the opportunity to engage in public speaking, school representation at external/internal events and welcoming visitors to the campus. We have represented the College at many events so far, some being: AMSA Basketball Opening Mass, Cyber-Safety Presentation Nights, Campus Assemblies.

### **Mentor Leader**

The Mentor Group's main focus for Term 1 was establishing the Cross-Age Tutoring program. There are twenty Year 12 students who have volunteered to act as Cross-Age Tutors in 2010. Sessions are held every Monday and Wednesday night after school and students in all year levels are invited to attend. Cross-Age Tutors are available to assist students during these sessions, providing help with homework and coursework in specific subject areas.

The environment group has also begun meeting on a regular basis with Mr. Caffrey. The members are currently discussing possible projects to add to the sustainability of the Kildare Campus.

We look forward to continuing the good work for the rest of the year at Lavalla!

**Andrew, Kosta, Joey and Brooke**

(From page one) Last week, Bishop Prowse launched Catholic Education Week in a mass that invited all educators from the Diocese to gather in celebration of the distinct education that we offer but also to acknowledge staff who have worked in Catholic Education for 25 years or more. From Lavalla Catholic College, Bishop Prowse presented the following Jubilarians:

**Mrs Vivian Haupt – 35 years**

**Ms Lee McKenzie – 29 years**

**Mr Alan Ryan – 33 years**

**Ms Erica Pegorer – 26 years**

### **Canonisation of Mother Mary MacKillop**

Senior secondary students throughout Australia are being offered an opportunity to attend Mary MacKillop's canonisation in Rome. Together with the Catholic Education Office, two students from Lavalla Catholic College will be partially funded to attend this historic moment in October. Students are invited to consider making an application. Further details about the canonisation and how to make an application will become available soon via Mr DiCesare at the Kildare Campus.

### **Enrolments for 2011**

St Paul's and Presentation Campuses opened their doors to parents and friends of the College this week. It is important that prospective parents are well informed about the excellent education offered at Lavalla before they make the very important decision about which secondary school best suits their child. Many of our students volunteered as ambassadors for our guests and it was lovely to see them take such pleasure in their school's achievements. Both campuses were on show and one could clearly see the pride teachers at this College take in their work. Both occasions were a fitting celebration of who we are.

**Happy Mother's Day to all our mums. May your family make you feel very special on Sunday.**

**Erica Pegorer**

**Principal**

#### **Forthcoming Events...**
