

**AWAKEN**  
MARISTS 200+

## From the Principal

**Mr John M Freeman**

### All Saints and All Souls Days

The feasts of All Saints and All Souls are commemorated on November 1 and 2 respectively. These remind us of our beloved family and community members who have passed away.

All Saints Day is a day for honouring all those, whether or not officially recognised as “Saints”, who share in God’s eternal life. This includes both those who have died and the rest of us, living on earth, who are called to be “saints”. This is to say that all of us are called to live lives that reflect that we are united in God’s love and reflect that love in the way in which we conduct our lives and reach out to others in love. Even though still living on earth, we have already begun to share in eternal life. Through Baptism, we acknowledge and celebrate this calling to be part of the “communion of saints” and are empowered by the Spirit of God to live out this calling. All Saints Day is a day to

thank God for the official “Saints” who are great models and examples for us, but also a day to thank God that we, too, are called to be saints and to ask God, through the prayers of the “Saints” to help us respond faithfully to this call.

All Souls Day complements All Saints Day and recognises that we come to share fully in God’s eternal life in heaven only by virtue of God’s gracious mercy. We are all limited by weaknesses and limitations of one sort or another and we can never “earn” eternal life with God by our own merit. We rely on the mercy and forgiveness and love of God to grant us the gift of this fullness of life. On All Souls Day we specially remember our need of God and we call on God, in his love, to extend mercy and forgiveness to all those who have died – and especially those near and dear to us – that they be taken into the fullness of God’s eternal life. May they rest in peace.

### Judging or Valuing Others

**Lord, inspire me to give of my best and make good use of the talents you have given me.**

**Show me how to be positive in attitude, appreciating and valuing others, always being ready to encourage and give praise.**

**Sometimes I draw conclusions about people in terms of what I think is meant by “success” and “failure”, but the “failure” of one person might count as a great “success” of someone with other talents.**

**Lead me never to judge people but to accept others as they are, knowing that it is together, each with our differences, that we build up your Kingdom.**

**Amen.**

## Graduation Mass and Celebration Day

Thursday last week was the final day of formal classes for our Year 12 students. To celebrate the Year 12 Class of 2017's time at Lavalla Catholic College we have had a number of events. During Thursday, 26 October, we held a Whole School Assembly and then in the evening a Mass for students, staff and families at St Michael's, Traralgon. The following day we celebrated our traditional and quite moving farewell ritual. I have included at the end of this article excerpts of my speech to the Year 12s and their families at the Mass. We wish these fine young people the best of success in all their endeavours.

I also want to thank the Year 12s for the wonderful gift they have given the College, a framed copy of the image below, which is a beautiful depiction of "Family Spirit" one of the five Characteristics of Marist Education. The four hands of this year's School Captains joined together into a Cross I feel captures the family spirit we hope to instil in our students in so many ways – love, solidarity, support, care, faith to name a few elements. This is the second time our students have thought to make such a contribution and I thank them on behalf of the Lavalla Catholic College Community – you make us proud!

## Year 12 Examinations

For three hours on Wednesday morning, Year 12 students in VCE completed their English examination. Over the coming weeks, most will sit another four to six exams, depending on their subjects. Please remember them in your prayers through this important time.

## Staff News

Congratulations to Jade Smith and her husband Ray who welcomed Francis Paul Smith into the world on Tuesday, 30 October.

## Student Achievements

Congratulations to Jade Melbourne (right) and her team mates who won the U16 FIBA Asian Championships. They won in a close fought final 61 to 60 against Japan.

Well done to Joseph Darling who has been awarded the opportunity to see well know Physicist Professor Brian Cox when he appears in Melbourne next month. Joseph's entry was assessed by a panel of academic staff from Federation University's School of Applied and Biomedical Sciences.

## School Events and Activities

Thanks to Ms Karen Joyce on her leadership in organising the Sports Enrichment Gala Day for our Year 7 to 10 student-athletes involved in the program this year. I was able to attend for some of the events and this was certainly an enjoyable and informative event.

Thank you to our Liturgical Choir for their contribution to the following events – St Michael's Traralgon Youth Mass on Sunday 22 October and at the Luther 500 Reformation Day commemoration on Wednesday, 31 October. Thank you also to Jackson Raeburn and Georgia Hutchinson who were readers at the Youth Mass and our Junior Captains – Luis D'Angelo, Maliat Monir, Jordan Ross, Alana Walker – who attended the Reformation Day Joint Worship celebration.

Once again we took time to recognise the 'Day for Daniel'. 'Day for Daniel' organised by the Daniel Morcombe Foundation is a National Day of Action to raise awareness about child safety and protection. Teachers, parents, carers and guardians are asked to start a conversation about personal safety in the real world and in an online environment. The objectives of 'Day for Daniel' are: to raise awareness about child safety and protection and to promote a safer community for children; to educate children regarding their personal safety and empower them to RECOGNISE, REACT and REPORT; to provide free safety and educational material; and to honour the memory of Daniel Morcombe. 'Day for Daniel' is an opportunity for Australians to make a statement that crimes against children are not acceptable in modern Australia. It aims to help empower our children to RECOGNISE, REACT and REPORT if they feel something is not right.

Thank you to Kelly Murray and Tamsin McCormack for their work in promoting this important day and also providing educational materials to staff and students. If you would like to know more then I encourage you to go to the following website: <http://www.danielmorcombe.com.au/>

## Farewell Speech to the Class of 2017

The following is an edited version of my speech to our Year 12 Graduands and their families at the Valedictory Mass.

So tonight we celebrate and give thanks that our Year 12 Graduands are prepared through the education received from home and at school to be ready to go forward, to be the best they can be and attain true happiness in life.

Whilst, tonight is an important moment for all the young women and men we are here to celebrate graduating from Lavalla Catholic College, it is also significant for their families, particularly the parents. You, the parents and families, have nurtured and supported your sons and daughters, given them given them love, support and encouragement to become what they are capable of being. I know that they are grateful for this and we the staff of Lavalla Catholic College are thankful that you have allowed us to be part of their lives and to support you in the process of setting them on their way to reach great heights.

For the students, this is a time to celebrate. You are a success! To start a journey 13 years ago and finish it is a magnificent accomplishment in itself. We are proud of you and I hope you are proud of yourself.

I hope you may remember when I first spoke to all of you at the 2014 Commissioning Mass and it is has been a constant theme since then is that I want for all of you to be a person who had the capacity and the opportunity to make choices for themselves. I hope that you have aspired to this and I hope that we as a community have supported you to achieve that goal.

A goal to make informed choices about the type of future you want for yourselves. We want you to make choices that take into account not only your talents and desires, but also are respectful of the needs of others. Essentially, our wish, is reflected in our College Motto, we want you to be people with Strong Minds and Compassionate Hearts.

A key hope of St Marcellin Champagnat, the founder of the Marist Brothers, was that schools in the Marist tradition produced good Christians and good citizens. I think you want to be that as well.

However, to achieve this goal, I believe there are a few really important things to remember and strive to achieve.

The first piece of advice I have said to students, including my own children, for over twenty-five years, and that is: believe in yourself. If you don't it makes it hard for others to believe in you. Success is more about attitude than ability. Descartes, a French Philosopher wrote "I think therefore I am!" In my experience this is true, if you think that you are no good and no one will like me then that is how you will act and that is how you will be. However, if you think you can succeed, be a person who can make a difference, a person who can love and be loved, then you will act that way, see the world that way, will be that WAY!

The next three pieces of advice I draw from Brother Emili Turú, Superior General of the Marist Brothers, in his message celebrating the bicentenary of the founding of the Marist Brothers on 2 January 1817. He suggested that three words, that should shape our celebration and I think they are great advice for living a worthwhile life: gratitude, forgiveness and commitment.

Gratitude- Celebrations such as these prompt our memories and reminiscences, and these readily inspire a sense of gratitude. At its most authentic, gratitude is more than a passing sentiment or a stirring of emotion: at its deepest, gratitude is a journey and a discovery. So when we look back, what do we discover? Essentially two key elements: Grace and Gift. The grace of God that has empowered us, and the gifts others, particularly family, who have made of themselves in so many diverse ways. I implore you to recognise the help, support, encouragement and love you receive in your life. Gratitude has a multiplying effect. The more you show gratitude the more reasons you will find to be thankful and encourage others to be positive contributors to your life.

Forgiveness- Life is never uniformly positive. There are successes and failures. Our journeys are always a composite of light and shade. You will make mistakes and others will cause you hurt and disappointment. However, always look to forgive. Part of that process is to seek to understand why another has acted in a way that can hurt. It will deepen your understanding of them, how you can help them and how in fact you as a person can grow and become better. It is not what happens to you that forms your life, it is how you respond. A positive outlook, looking for the good and God in everyone is our hopeful and aspirational approach to life that will build-up yourself and others.

Commitment- As you graduate and move out into the wider world I urge you to do whatever you do with great commitment, for no other reason than you love it and believe in its importance. Resist the easy comforts of complacency, the paralysis of instant gratification, be worthy of your advantages and enjoy life to its fullest. See everything you do as a chance to learn and improve. We are at every moment in our lives the accumulation of what we have experienced to that point. Every decision you make, from what you eat to how you spend your time tonight adds to who you are tomorrow and the day after that. So make wise choices to

importance. Resist the easy comforts of complacency, the paralysis of instant gratification, be worthy of your advantages and enjoy life to its fullest. See everything you do as a chance to learn and improve. We are at every moment in our lives the accumulation of what we have experienced to that point. Every decision you make, from what you eat to how you spend your time tonight adds to who you are tomorrow and the day after that. So make wise choices to allow yourself the best chance to achieve your potential.

Tonight we say to each of you young people in front of me – thanks for being part of our lives and of our community, we've valued your presence and contribution, we're glad to see you become the fantastic people you are and we wish you every success and blessing as you continue with the rest of your life. We hope that you take fond memories from your time with us here at Lavalla Catholic College and that you'll continue to be sustained by your friendships with and support of each other.

Ladies and Gentlemen of the Lavalla Catholic College Year 12 Class of 2017: know that love and peace in your life that comes from being nurtured and loved by God; may you have much happiness and joy in your lives; be successful; and be a source of uplift and encouragement, strength and support, generosity and hope to others.

Thank you Class of 2017.

# Faith & Ministry News

Mr Chris Roga

We celebrate the Feasts of All Saints (1 November) and All souls (2 November).

## Christian feast of All Saints was assigned to November 1st.

The day honored every Christian saint, especially those that did not otherwise have a special day devoted to them.

- This feast day was meant to substitute for Samhain, to draw the devotion of the Celtic peoples, and, finally, to replace it forever.
- That did not happen, but the traditional Celtic deities diminished in status,

→ becoming fairies or leprechauns of more recent traditions

Pope Francis' personal reflections provide us with thoughts for prayer and contemplation.

“The feasts of All Saints and All Souls are days of hope. The virtue of hope is like a bit of leaven that enlarges your soul. There are difficult moments in life, but with hope you go forward and keep your eyes on what awaits us. Today is a day of hope; our brothers and sisters are in the presence of God, and we, too, will be there in the Lord's arms if we follow the path of Jesus.

## Year 12 Farewells

The three Year 12 Farewell rituals fittingly marked the passage of these 185 young men and women from adolescence to adulthood. They have completed a 13-year marathon and they are to be congratulated like the tortoise (in the hare and the tortoise story) for finishing with some style. We remember that they have been supported on their journey by their parents and families, and then by the school, the staff and their peers. We wish them all the very best for their exams and for their future.

# Student Well-Being & Operations

**Mrs Tamsin McCormack**

## **Farewell, Goodbye and Good-luck Year 12's 2017**

Last week saw the end of 6 years of Secondary Education for our Year 12 students. It has been a pleasure working with and getting to know these students. Their hopes, dreams and aspirations are now a little closer to being attained.

During lunchtimes year 12 students had the opportunity to take on the staff at Volleyball, Dodgeball and Ultimate Frisbee. While the scoring and umpiring may have been a little dubious at times, the fun had by all was clearly evident.

Thursday rolled around extremely fast, with Year 12's being farewelled by their LA class. The opportunity to wish them all well and thank them for their mentoring and leadership. The festivities continued with the year 12 Farewell assembly. The opportunity for the whole college to wish the year 12s well as they transition out of the college. Reflecting on where they have come from (including the last group of year 7 students from Presentation Campus), some of the encounters they have had and inspirational words for those that follow.

The flame of leadership was passed onto the new College Captains. Blessings made, before returning to the Kildare campus for the annual Year 12 concert. A great opportunity for year 12s and staff to entertain the year 10's & 11's. Now is a good time for the year 11's to start preparing for next year (as the time will roll around all too quickly).

Graduation Mass Thursday night was a community event, St Michael's packed to the brim, wonderful music from the choir and faith-filled words to guide the students into the future.

Friday morning students adorned in brightly coloured, cleverly thought out or even glimpses into what their future might hold costumes, met and moved along the streets of Traralgon to the Kildare campus. Once at the campus traditional celebrations with staff occurred. Breakfast was provided, student awards for each other and the odd staff member, time capsules with memories from when they began with the college. The year 12 rose was planted in the rose garden, joining many other years of roses. Words of wisdom from Dr Seuss, balloons with students hopes and plans for the future released. Then it was the final farewell, the opportunity to shake a hand or two, say that personal thank you and good luck, before the students went home to really start the fulltime preparation for their exams or to prepare their future pathways.

Good luck to all year 12's, thank you for the gift to the staff and all the best for your future endeavours. Don't forget to let us know where your future pathway leads to.

***And in the words of Dr Seuss:***

# Farewell Year 12's 2017

# Remar Red Leadership Camp

**Mr Cristiano Grosso**

On the weekend of Friday the 27th- Sunday the 29th of October, the Remar Red Rowers embarked on their very first big Leadership Camp. Full of enthusiasm and energy, these young people ventured up to Phillip Island for a fun-filled weekend where they got together with and met Rowers from Marist schools all over Australia who like them, are in Year 10 and also progressing through their Remar journeys. The focus of the camp was for Rowers to enhance their understanding of and skills in the areas of leadership, faith development, community and ministry and service.

As their Helm, I was very excited to see the Rowers step out of their comfort zones. I was equally impressed with their openness to Marian prayer and spirituality as well as with their eagerness to take up significant leadership roles, as they continued to experience and practice service to others in the activities they took part

in. The Rowers absolutely loved the experience. They arrive back at the College with fond memories of moments shared with their Caravel, with new made friendships and with a re-ignited faith to go out into their school and local communities and make a difference! Below are some comments which the Rowers have shared about their experience of the camp.

A special word of thanks to Blue Rowers Anton Tarraran and Selby Fisher, to Mrs Gaye Jenkins and to Mr Sam Mauger who supported and accompanied us of the weekend. They helped make our weekend even more enjoyable.

## Student Reflections

“On leadership camp, I made new friends, strengthened our caravel relationships and learnt how to become a better leader for the future. The experience brought me closer to God and gave me more of a chance to pray and think about issues in our community and how to make the world a more just place.”- Rohan Symonds, Red Rower

“I wish I could experience it again...!”- Kellie Wood, Red Rower

“The friendships that were made this weekend will stay with us!”- Hannah Zweytzer, Red Rower

“The camp was really good! It rekindled my faith... I feel like I’m becoming a better leader with each camp I go on.” –Anton Tarraran, Blue Rower

“It was a really great experience and I feel like if you don’t do it you’ll miss out on a lot and you’ll regret it. So give Remar a go!”- Nyapany Duach, Red Rower

“#sickbiblekids”- Bradley Goedhart, Red Rower

# Hansel & Gretel Opera

**Mr Shane Lebbe**

On Friday the 27th of October our St Paul's Campus musicians had the opportunity to journey to the Sale Performing Arts Centre to see Engelbert Humperdinck's 19th Century opera of the timeless Brothers Grimm fairy tale Hansel & Gretel.

This was a wonderful experience for all who attended as Victorian Opera brought this treasured story from the page to the stage in a beloved operatic rendition. The 55-minute production was sung in its original German language with English scene descriptors and featured beautiful singing and live orchestral music. The day culminated with lunch at the Sale Botanic Gardens among the green flora and peacocks.

## Lavalla Choir

**Mr Shane Reid**

St Michael's Church has been a bit of a home away from home for our Liturgical Choir over the past week.

We were warmly welcomed to be a part of a special Youth Mass which was held on Sunday the 22nd of October. A team of volunteers led by Jenifer Hanratty organised a special mass that featured the children of St. Michael's Parish in various ministries, it was a great pleasure for us as a choir to contribute musically to this celebration.

It was a bittersweet occasion for all within our choir the following Thursday night for our year twelve graduation Mass. This mass marked the last time our choristers in year twelve would be singing with the choir. I take this opportunity to thank the graduates of 2017 who have been involved in our choir. What a wonderful culture and legacy of excellence you have forged in your time with us, sincere thanks from a grateful department and good luck with your exams and the next chapter.

Last Tuesday the 31st of October marked the 500th anniversary of the Protestant Reformation, 500 years to the day that Martin Luther famously nailed his 95 theses to the door of his local church as a form of protest. Our own Mike Hansen, working with Pastor Tony Castles

from the local Lutheran parish and Fr. Francis O'tobo from St. Michael's crafted a special day of ecumenical celebration to commemorate this historic event. . It was a great occasion and a real privilege for our choir to be involved. It has been an enjoyable and rewarding time for our choir students. Hearty thanks to them and their families for all of the time and energy that they so generously give to our College.

# Humanities News

**Ms Kim Widrich**

## HTAV Historical Fiction Competition Success

Congratulations to Year 10 student, Brilee Harrison, for winning the Year 9/10 category of the HTAV Historical Fiction competition.

Brilee was presented with a certificate and a monetary prize on Friday 20 October at the State Conference of the History Teachers' Association of Victoria in Melbourne. This category of the competition was sponsored by the History Council of Victoria and was judged by Garrie Hutchinson and Tim Hogan from the Council. They made special mention of the thorough research and careful construction of Brilee's evocative narrative which was a piece based on Kristallnacht, a significant event in pre- World War II history. Brilee created this work during her Year 10 World War II History subject this year.

## Year 9 History Students Study WWI

On Monday October 23, Carolyn Argent, Education Officer from the Shrine of Remembrance Victoria came to our St Paul's campus to speak to students about World War I soldier experiences. She was able to bring an array of objects for students to analyse including, uniforms, webbing, trenching tools, trench periscopes, ration packs, toiletry bags, shrapnel, coins and a Bible from the era.

"I learnt that [at Gallipoli] the Anzacs set up [drip] rifles to fire shots as a distraction while they were evacuated."

"The most interesting thing about the presentation was how there were [real] clothes and equipment [from the time] . . . it wasn't just talking."

". . . looking at the original photos of Gallipoli and the lifestyle of the Anzacs in the trenches was interesting."

"I never knew that you had to be aged 21 to enlist . . . but some were our age (15 years)."
