

STRONG MINDS COMPASSIONATE HEARTS

From the Principal John M Freeman

This is our last Newsletter for the year.

With Christmas fast approaching amidst all the busyness, commercialism of the season and the bad news that we read and hear about on the news I thought the following thoughts from Ron Rolheiser, OMI might help give pause to consider why we should celebrate the Good News of Christ's birth.

And there were shepherds living out in the fields nearby, keeping watch over their flocks at night. An angel of the Lord appeared to them, and the glory of the Lord shone around them, and they were terrified. But the angel said to them, "Do not be afraid. I bring you good news that will cause great joy for all the people. Today in the town of David a Savior has been born to you; he is the Messiah, the Lord." Luke 2: 8-11

Reasons to Celebrate Christmas

There is a God-given pressure inside of us that pushes us to celebrate and instills in us an irrepressible sense that we are not meant for poverty, gloom, and carefully measured-out relationships, but that we are meant ultimately for the feast, the dance, the place of lights and music, and the place where we don't measure out our pennies and our hearts on the basis of having to survive and pay mortgages. The celebration of festival and carnival, even with their excesses, help teach us that.

Christmas is such a festival. In the end, its celebration is a lesson in faith and hope, even when it isn't as strong a lesson in prudence.

To make a festival of Christmas, to surround Jesus' birthday with all the joy, light, music, gift-giving, energy, and warmth we can muster is, strange as this may sound, a prophetic act. It is, or at least it can be, an expression of faith and hope. It's not the person who says: "It's rotten, let's cancel it!" who radiates hope. That can easily be despair masquerading as faith. No. It is the man or woman who, despite the world's misuse and abuse of these, still strings up the Christmas lights, trims the tree and the turkey, turns up the carols, passes gifts to loved ones, sits down at table with family and friends, and flashes a grin to the world, who is radiating faith, who is saying that we are meant for more than gloom, who is celebrating Jesus' birth.

Merry Christmas!

For more information, please visit Ronald Rolheiser's website.

Year 12 Results

We congratulate our Year 12s on their results.

This year our Dux is Mubasshir Murshed who achieved an ATAR of 99.85. Mubasshir also amassed the highest Aggregate Study Score, including a 50 in Chemistry.

We also congratulate Julien Alesi with an ATAR of 94.40 and Cohen Ruyters who achieved 91.35.

Riley Watts in Year 11 also achieved a 50 in Visual Communication & Design

Also worthy of celebration is that 4.9% of the study scores achieved by our students were 40 or greater and our median for our study scores was 28.

Student Awards

Congratulations to all our students who received awards and recognition for their achievements at the recent Awards Evening and at the Year 12 Valedictory Dinner. Details of major awards can be found in this Newsletter.

My thanks to Mrs Tamsin McCormack, Mrs Kelly Murray, Mr Brett Van Berkel and Mr Michael McKenna as well as all staff who assisted in the organisation and production of these nights.

Staff News

Farewell and thank you:

Last newsletter I farewelled staff who are leaving us at the end of the year. However, we do have two members of staff taking extended leave:

Matt Buckland – who will take Leave Without Pay for next year – but may in all likelihood not return in 2021.

Renee Eccles will be going on maternity leave for 2020.

Student News

Well done to Josh Wong (12, 2019) whose film for Media has been accepted into Top Screens for 2019. This means that Josh's film is one of the top 15 films from across the State, and will be shown next year to other students. Notably this is our first ever film accepted into Top Screens.

Marist Cricket

In this Newsletter, you will find a report on our performance in the recent Marist Cricket Carnival. Once again my thanks to Well done to Brett Van Berkel (Coach), Alex Rathbone (Team Manager) and Mark Judd (Assistant Team Manager) for their work. Also I congratulate our team comprising of Liam Little (Captain) (11), Hunter Eenjes (11), Benjamin Fleming (10), Elijah Sharp (10), Harry Cooper (10), Joshua Monacella (Vice Captain) (10), Tyron Barnwell (Vice Captain) (10), Darion Duncan (10), Ryan Bosch (9), Thomas Morton (9), Samuel Gissara (9), Campbell Peavey (9) and Harry Van Rossum (9)

Condolences

Finally, can I please ask that you remember in your prayers the family and friends of:

Joan Oates, who is the mother of Lee McKenzie.

Eternal rest grant unto them, O Lord, and let perpetual light shine upon them. May the souls of the faithful departed, through the mercy of God, rest in peace.

Amen.

CURRICULUM MATTERS

Brett Van Berkel
Dir. Learning & Teaching 7-12

ATAR Results 2019

On Thursday 12 December, Year 12 students received their ATAR results. We are very proud of our class of 2019. This was a cohort that demonstrated

determination, a commitment to hard work, creativity and a strong community spirit. Their results in the VCE, as well as their achievements in the VCAL and VET programs, and the stories of individual progress, resilience and success, have given them an excellent path to future learning and exciting opportunities ahead. We look forward to sharing stories of their chosen pathways in the new year.

2020 Transition

Our 2020 transition was held last week with Year 10, 11 and 12 students completing six days as part of the process. It was a chance for the new Year 10 students to meet their Learner Advisors for next year, find their way around the Kildare campus and discover their new subjects for 2020.

For students progressing into VCE the chance to complete subjects directed towards their chosen pathway and a greater understanding of the work demands that come with that. Students will have novels to read over the holidays so when your child complains of boredom over this break encourage them to pick up their book and read!

For the new Year 8 and 9 students, a day transition provided the chance to meet homeroom teachers and bond with new classmates.

Using SIMON for student feedback in 2020

As a College, we will be using SIMON as our means of feedback to students and parents in 2020. Through your PAM (Parent Access Module) it will provide real-time access to keep you updated with your children's progress, essential dates and messages. More information will come out in the new year in regards to how to access feedback and key dates.

I wish all families a very happy and safe Christmas and New Year. We look forward to 2020, where we will continue to strive to provide a learning environment where every student can achieve their personal best.

FAITH MATTERS

Chris Roga
Dir. Catholic Identity & Mission

Anthony de Mello told this story;

A writer came to the monastery to write a book about the Master. "People say you are a genius. Are you?" he asked. "You might say so," said the Master.

"And what makes a genius?" asked the reporter.

"The ability to see," said the Master.

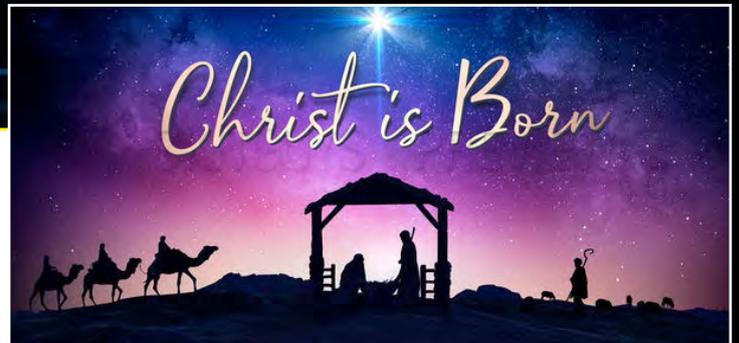

The reporter was bemused. Scratching his head with one hand and rubbing his tummy with the other, he said, "To see what?"

The Master quietly replied, "The butterfly in the caterpillar, the eagle in the egg, the saint in a selfish person, life in death, unity in separation, the divine in the human and the human in the divine."

(Based on Anthony de Mello, One Minute Wisdom, 1989, pg. 206.)

This Christmas may we grow in awareness of our own genius. Ask the Christ Child and see what happens.

Merry Christmas and a Blessed New Year.

REMAR SOLIDARITY CAMP

Twelve Year 11 Remar Students have spent the first week of their holidays immersing themselves in the community of West Heidelberg Supported by Marist Brother Harry and accompanied by Karina Taylor, Matthew Buckland and Jasmine Santamaria.

The caravel learnt about community living, homelessness and deepening their spirituality.

Students began and ended each day with prayer and learnt about the Blue Remar values of Humility, Solidarity and Loyalty.

The group took part in a number of activities including:

- Visiting St Mary's House of Welcome
- Learning about the social enterprise The Big Issue and hearing vendor Trevor's story of survival, overcoming addiction and homelessness in Gippsland.
- Attended a number of masses, including community mass with the Exodus Community
- Painted a house for a family in need
- Participated in the Bread Run
- Heard stories from community members and young Marists

In the student's own words:

- It was a life changing experience and I loved every second of it - Jacob Wilson
- Man that guy can park - Bucko
- An experience we were all never forget - Tiannah
- An eye opening experience - Niamh
- Amazing opportunity to work with the Exodus community - Josh
- The best way to spend the first week of holidays - Grayson
- A chance to meet people who will change your life forever - Emily
- Adapt and overcome - Ayva
- Great experience listening to different stories and where they have come from - Jye
- West Heidelberg is the place where we discovered what it is like to live in a true community - Alexa
- An eye opening experience to the issues happening around us - Hollie
- Camp was very cool and fun and super interesting and we learnt heaps - Emily

MARIST CRICKET CARNIVAL

Thirteen students and three teachers left The Kildare campus very early on Saturday the 1st of December to participate in the 2019 Marist Cricket Carnival at Marist College, Ashgrove, Queensland.

Five days straight of fifty over cricket awaited the team and the boys, ranging from year nine to year eleven, were looking forward to playing against some of the best cricketers across the country and from New Zealand.

Whilst the weather in Traralgon failed to reach twenty degrees for the entire week, Ashgrove on the other hand, exceeded thirty-five degrees every day of the carnival. The team were certainly grateful for a day's acclimatization before the first ball was bowled.

Lavalla Catholic College player three matches in the initial pool stage of the competition, the results of which were as follows:

Day 1. Sacred Heart Auckland (5/304) defeated Lavalla C.C (10/116)
Lavalla C.C Player of the Day: Campbell Peavey 30 runs

Day 2. Lavalla C.C (10/89) defeated by Sacred Heart Adelaide (3/90)
Lavalla C.C Player of the Day: Elijah Sharp 2/20

Day 3. Lavalla C.C (9/205) defeated Trinity, Beenleigh (10/135)
Lavalla C.C Player of the Day: Liam Little 26 runs & 5/28

The team, with only one pool win, qualified for the "bottom four" final series to determine positions 5-8 for the carnival. Results were as follows:

Day 4. Lavalla C.C (10/63) defeated by Marist Sion, Warragul (6/64)
Lavalla C.C Player of the Day: Darion Duncan 3/15

Day 5. Lavalla C.C (5/262) defeated Trinity, Beenleigh (10/176)
Lavalla C.C Player of the Day: Liam Little 66 runs & 5/14

The team finished 7th for the carnival. However, the relatively young squad did enjoy their week of high standard cricket and would have learnt a great deal for the experience.

Individual honours for the Lavalla team were presented by past Australian Cricket Coach, Mr John Buchanan. Award recipients were as follows:

Lavalla Catholic College "Marcellin Champagnat" team member award: Ryan Bosch
Marist Carnival XI representative, Liam Little for taking 12 wickets for the carnival
Marist Carnival XI representative, Darion Duncan for taking 9 wickets for the carnival

The team were excellently coach by Mr Brett Van Berkel and every aspect of the trip superbly managed by Mr Alexander Rathbone.

STATE BASKETBALL CHAMPIONSHIPS

The last of our sporting events for 2019 year saw our Year 7 and Year 8 basketball teams travel to Albert Park to compete in the SSV State Championships at the Melbourne Sports and Aquatic Centre on November 18 and 19.

The two boy's teams were on the Monday and the Year 7 boys dropped their opening game against Warrnambool College 22-32 and suffered a heavy defeat to Berwick Secondary College in the next match. The boys finally secured a win in their final game against Catholic College Wodonga with a solid 53-32 triumph.

The Year 8 boys also dropped two games with a 28-45 loss to Emmanuel College, Warrnambool first up and then a narrow 30-40 loss to Berwick. Their sole win came in a 42-39 victory against Notre Dame College, Shepparton.

On the Tuesday, the Year 7 girls managed to secure two wins from their opening two games by edging past Emmanuel College 30-22 and getting over the top of Frankston High School 30-21. However, the girls fell significantly short against Catholic College Wodonga, losing 16-33.

The Year 8 girls were our best performers by advancing all the way through to the State Final. Lavalla edged past some quality opponents in Horsham College (31-24), Berwick (32-21) and Marian College, Myrtleford (32-25) to earn a shot at becoming State Champions. Unfortunately, they encountered Rowville Secondary College and succumbed to a 15-26 loss but it was a magnificent result in getting so far.

Thanks to all our coaches Karen Joyce, Daniel Scholes, Dwayne Tibballs and Mick Tomkins for their efforts in preparing these teams over a three-month period.

YEAR 12 GRADUATION SPEECH

Good evening staff, parents and friends and fellow graduates.

It is my pleasure to address you here tonight along with my fellow College Captains. Thirteen years of education, six spent here at Lavalla Catholic College as kids grew into teens and teens transformed into adults, now comes to a close. Throughout, there are many thank-yous for those who have guided, nurtured and inspired us along the way.

Firstly, to our fellow graduates of the class of 2019,

William Shakespeare and Channing Tatum once said, "Some are born great, some achieve greatness, and some have greatness thrust upon them". Now, we may not all have started out with greatness and maybe these past few years didn't quite go as planned, but never forget that each one of us has the potential to reach out and grasp everything you want in life if only you're willing to make the leap. Well, I hope you're ready to do exactly that as they push us off the ledge of 'almost-adulthood' that we got so comfortable on and set us free into the world where a whole new life awaits us. Don't worry, you won't fall because really it can only go up from here.

Remember that even those we look up to most, whether it be our world leaders or coolest teachers, started out exactly where we are now. Despite all the mistakes you may have made and all that you will surely make in the future, remember that everything you go through will always make you better at the end of the day as long as you remember what you are made of and where you came from.

It has been incredible throughout the years to see every one of us find our place whether it be with friends or within our learning. Our time here, together hasn't been without very high highs and the lowest of lows, however I thank my lucky stars because of how fortunate I am to stand here tonight with this incredible year level, even if it is for the last time.

Leaving today, if nothing else please go with the knowledge that leaving a legacy and making a difference isn't measured by awards or badges on blazers, but in the small ways that you are able to bring happiness into the lives of those whom you cross paths with. Whether you like it or not, what you're remembered by will not be for your grades or popularity, but for the type of person you were and for the way you treated others when no one was looking.

As Charles Dickens put it "it was the best of times, it was the worst of times" Although this year has pushed us close to breaking point, it is with the

support of all those that are here with us tonight that we can say "we made it".

To the Staff:

Who work tirelessly coordinating our lives and our events while supporting us and the faculty in Reception, Student Services and administration. Particularly, Siobhan, Sue, Bel, Nicole and both Sarah's, we thank you.

To the maintenance department, Who keep our campuses running efficiently and create a beautiful place for us to come and learn every day, we thank you.

A personal thank you without a doubt has to go Mrs McCormack who met with us three every week to ensure that we were always on top of everything. Our hero of organization has kept our heads above water. Also, a sorry to her, she's been telling us to write this speech since May, however, of course we only handed it in Monday just before midnight. Some more thank-yous for people who have worked closely with us go to Mr Freeman, Mr Doherty, Mrs McKenzie, Mr Roga, Mr VanBerkel, the Heads of House and Mr Rathbone and other staff who have acted as our mentors in 2019.

To the Faculty:

You give your all each and every day labouring to provide us with a tremendous education and pushing us to do our best, even on the days that we don't want to learn, all the while taking the extra time to build relationships with us that for many, will last a life time. For being as caring as a friend but as strict as a parent. Although it has taken us this long to realize you da real MVPs tonight. Even on the most difficult of weeks you were there. When we cried under the pressure of it all you stood by, gave us your time and patience like we were your own so that today, all dressed up and smiling we can be proud of what we have achieved. You have made us cry, laugh, squirm, shout, and look out into the world searching for something more. If one thing you take away from your service to educating young people, know this. You have touched, comforted or inspired a student in some way that will stay with them forever. No dialogue will acknowledge it, but the wider world looks back on it and thanks you for it. "One of the greatest gifts you can give yourself [or in this case others], right here, right now, in this single, solitary, monumental moment in your life, is to decide, without apology, to commit to the journey, and not to the outcome." This you have done from day one to the end.

To our Families:

How on earth did you do it. The times we scammed you for money for that "excursion" you never of,

YEAR 12 GRADUATION SPEECH

or lunchtime activity that never made the newsletter will be missed. On behalf of the Canteen's income statement, thank you.

But in all seriousness, we are graduating today because of a decision you made to send us to Lavalla Catholic College, then to foster, fund and protect our right to an education. The ability you have to wake up each morning and get our hormonal, grumpy, over tired and at times unappreciative selves to school is beyond admirable. All our parents, guardians, siblings, grandparents and extended families have all been a part of this journey in a pivotal way. Through the tough times that no one else knew about, the losses of loved ones, heart brakes and the good times, successes and achievements. You have been there, at one in the morning on Kay street or 3:15 in the afternoon on Kosciusko. We thank you.

As we say our teary final goodbyes and thankyou's, we reflect on all that Lavalla has blessed us with. Our home of learning and growing has taken us from awkward teens to complete adults who are capable of taking on the big scary world beyond the school gates.

Class of 2019, it has been an honour and a privilege to spend the last 6 years with you and from the bottom of our hearts we wish you all the best.

When I walked out of that last exam, I felt so good for about 15 seconds. 15 seconds of my heart racing and my adrenaline pumping. 15 seconds of 'yeah, I made it.' 15 seconds of being at the top of the pile of all my accomplishments and it felt euphoric. But there must come a 16 second and on that 16th I thought what just happened? Why am I not feeling anything else? To be honest I don't even know what I was expecting, a parade of balloons to drop or maybe I was hoping that all of my problems would fade away in comparison to this amazing achievement, but none of that happened. Not even in my heart, I felt nothing I was shocked. This was a huge problem for me, and I needed to figure out why.

So, here was my thought process. Working hard is good, it is in fact biblical, but it should not be done for the sole purpose of a goals sake at the expense of relationship with others, and looking back on this year I realised that the stress of this year for

this goal was paid for with the lack of attending to relationships in my life. Well, lesson learned, and self-reflection accomplished.

I would like you all to do some self-reflecting. I would like you to take a moment, think of something that you strived for and you focused on, that you thought was the be-all end-all. Perhaps it was sports, perhaps it was, arts or academics or getting into a particular university, an active social life, social media or PlayStation. And ask yourself what you missed out on because of that goal. Now I am not saying don't set goals or strive for anything. Aim as high as you can then add ten metres. Simply remember that a life well lived is not measured by achievements, awards, money or fame. To me it is about your regrets when you can no longer keep living.

Friends we are about to launch into life, and we haven't messed anything up yet. Prioritize what is important in your life and never, never lose focus of your important relationships. So be generous with your time and money and a lot of issues will be resolved. It's not too late to mend fractured relationships with any friends you haven't spoken to in a while, parents whom you disrespected and teachers who you never thanked. Just do it, humble yourself start a conversation. Have no regrets in the sixteenth second.

An Australian End of Life Care Nurse commented, the number one regret of the dying is that they never lived life well enough. Were not happy often enough, did not focus on others enough and failed to enjoy life, instead just living the day to day.

So, fellow graduates, regret nothing in the 16th second or in your last second on earth. Go out and enjoy the world, make those you love smile and most of all make yourself the happiest person you can be.

Thank you all for coming tonight and for all the work that has gone into making this graduation special. And of course, to our fellow graduates.

Congratulations. We did it.
